2018 GAMMA TENNIS PRODUCT CATALOG

UNLEASH YOUR CHAMPION
I grew up with GAMMA GUT.

My dad created and sold GAMMA GUT tennis strings out of our home. Because I could add and subtract, I became the company’s first bookkeeper at ten years old. My mom made us rent a space when boxes filled the basement to the rafters.

Like many startups, we outgrew that space quickly. We rented a larger warehouse, and outgrew that too. We finally built the beautiful facility we still occupy, on Washington’s Landing on the Allegheny River.

All of our success was built on that very first tennis string called GAMMA GUT. It was the first string to be rated #1 by the United States Racquet Stringer’s Association. From there GAMMA Strings would continue to be rated #1 for 23 years in a row.

For 2018 we’re bringing GAMMA GUT back and we have re-engineered it to be even better. The new GAMMA GUT exceeds comfort, touch, feedback and durability expectations that GAMMA set over 40 years ago. GAMMA GUT is so superior that I personally guarantee its playability and performance. If any player isn’t completely satisfied, I’ll refund the price of the string, including any markup, and the cost of installation.

We have come a long way since I was working the books for GAMMA, and I am proud to relaunch GAMMA GUT as a tribute to the work of my father and the GAMMA employees through the years. This string represents the past and the future of GAMMA Sports, and I am certain it will help to “Unleash Your Champion!”

Matt Ferrari
President, GAMMA Sports

The only American-owned company that offers a complete selection of finely engineered hard goods for racquet sports

GAMMA continues to set the bar when it comes to performance innovation. We offer the best tennis strings in the industry.

To help recommend the GAMMA string best suited for the specific needs of a player, GAMMA has developed the following String Selector Chart that matches the three most common playing styles with the four most desired performance benefits that players want from their strings.

An interactive version of the GAMMA String Selector Chart is also available on the GAMMA website.
Tennis manufacturers focus on materials and construction when developing strings. At GAMMA we take this a step further with our exclusive and proprietary processing technologies, to create strings with unmatched performance characteristics.

**GAMMA's Exclusive String Processing**

**TNT² TECHNOLOGY**
TNT² Technology provides the greatest combination of power, feel and control offered in a premium solid core tennis string. Our second generation Thermo Nuclear Technology process increases the dynamic elasticity of the strings resulting in greater string bed deflection to cushion the impact, cup the ball and store more of the impact energy in the strings.

**LIVE WIRE TECHNOLOGY**
Live Wire Technology provides the greatest combination of resiliency and touch offered in a premium multifilament tennis string. Live Wire Technology combines advanced multifilament constructions with GAMMA's exclusive irradiation processing to cross link the molecules of the material and create Live Wire microfibers that maximize the resiliency of the strings for more energy return to the ball and greater touch.

**GAMMA IRRADIATION TECHNOLOGY**
GAMMA’s original proprietary irradiation process uses high energy GAMMA irradiation to increase the number of intermolecular bonds in the material to maximize the Dynamic Resiliency and strength of the string.

**POLYESTER MONOFILAMENT TECHNOLOGY**
High energy co-polyester materials are combined with a proprietary, multi-stage drawing process to increase strength and minimize tension loss for maximum durability and longer play life.
GAMMA Gut

For over 40 years GAMMA has designed strings to enhance competitive play and enable players to trust their equipment to perform. Our heritage in high quality began when we created the original GAMMA Gut, irradiated synthetic strings to improve durability, touch, and comfort. It changed the industry—making a premium string more accessible to all players, contrary to expensive natural gut string only for those that could afford it.

This year GAMMA Sports is revamping our most legendary string and bringing back GAMMA Gut. The string marketplace has become more technologically complex and intricate, and we redesigned GAMMA Gut with our proprietary approach to create an amazing all-around string that maximizes comfort. When tested, players were also overly-impressed by the enhanced touch and depth control they had while playing with the string. Hands down, GAMMA Gut will help balance your game, as you play for hours without discomfort or pain. GAMMA Gut will revitalize your game!

“Directional and depth control was good. Touch shots felt extremely easy, and had some crisp feel to it.”

“I give this string high marks for comfort. Less vibrations, less string movement, softer feel.”
Ocho® TNT®

The first solid core string construction that features an octagonal shape with 8 sharp edges for maximum ball bite. The benefits for the all court player are greater spin and a livelier response for more feedback.

GOTNT 40' Sets - 16g, 17g
GOTNR 360' Reels - 16g, 17g

Ocho® TNT® Rx

Constructed using the proprietary Rx core with our Zorbicon® material to dampen shock before it can reach the arm. Ocho Rx features an octagonal shaped coating with 8 sharp edges for maximum ball bite. The benefits are greater spin, more power while offering maximum comfort.

GORX 40' Sets

TNT® Tour

TNT®2 Tour offers a stiff, crisp feel for Tour-like control and accuracy. TNT®2 processing provides greater resiliency and elasticity for increased ball pocketing, exceptional power, comfort and playability.

GTNT 40' Sets

GAMMA TNT² Premium Synthetic String Series

With GAMMA’s second generation Thermo Nuclear Technology the ball will explode off the string bed with focused potential. GAMMA’s proprietary string treatment enhances string bed deflection, storing tremendous impact energy in the strings. TNT² provides the balanced combination of power, control, and touch in a premium solid core tennis string.

TNT® 2

TNT®2 processing enhances playability, durability and control for all playing styles.

GAMMA Polyester String Series

A revolutionary string line from GAMMA Sports. All co-polyester strings are not created equal. GAMMA’s proprietary materials are designed and built to excellently maintain tension and provide exceptional feedback during play. A massive amount of spin is created by GAMMA’s level of ball bite.

Players seeking penetrating and punishing ground strokes will find the perfect poly partner in GAMMA string.

JET

JET has a twisted ribbed shaped profile and a textured surface for maximum ball bite and huge amounts of spin while allowing greater ball pocketing. JET offers the control and feel players want to hit punishing ground strokes from the baseline.

OCHO™

A new octagonal shaped construction features 8 sharp edges for maximum ball bite. The benefits for the baseline player are ultimate spin plus exceptional control while having maximum power. The new proprietary co-poly material is very responsive and provides exceptional feedback and excellent tension maintenance.

**Live Wire® Professional™**
Features a unique multifilament construction that offers the ultimate in playability, feel and control. Holds tension for a longer, livelier feel.

- GLWP 40' Sets

---

**Live Wire® Professional™ Spin**
Professional with an added outer wrap for greater spin and control. Holds tension for a longer, livelier feel.

- GPS 40' Sets

---

**Live Wire®**
Offers a softer “cushioned feel” for exceptional power and greater control that is easy on the arm.

- GLW 40' Sets - 16g
- GLW7 40' Sets - 17g
- GLWR 360' Reels

---

**Live Wire® XP**
Offers a firmer “crisp” feel for natural gut-like playability. Zyex® monofilaments added to the outerwrap provide increased durability and help reduce tension loss.

- GLWX 40' Sets - 16g
- GLWX7 40' Sets - 17g
- GLWXR 360' Reels - 16g, 17g

---

**Ocho® XP™**
The first multifilament string construction that features an octagonal shape with 8 sharp edges for maximum ball bite. The benefits for the all court player are greater spin with arm friendly comfort.

- GOXP 40' Sets - 16g, 17g
- GOXPR 360' Reels - 16g, 17g

---

**GAMMA Live Wire Multifilament String Series**
GAMMA’s exclusive irradiation process enhances and maximizes the resiliency of the microfiber strands. The technology creates a string that quickly returns to a ready state, ensuring you can depend on a Live Wire performance.

The Live Wire string series is recognized for returning extreme energy back to the ball and the increased duration of play versus other multifilament strings.

---

**UNLEASH YOUR CHAMPION**
GAMMA Synthetic Gut String Series

GAMMA’s synthetic gut strings are the ideal all-around performance strings for all playing levels and playing styles.

The result is a string that provides a good combination of power, feel and control offered in a solid core tennis string.

**Synthetic Gut w/WearGuard™**

An all-around performance string that offers notch resistant WearGuard™ fibers for extra durability.

- **GSGW6** 40’ Sets - 16g
- **GSGW7** 40’ Sets - 17g
- **GSGWR** 660’ Reels

*16 Gauge Only

**Synthetic Gut**

Great all-around string that is enhanced by GAMMA Technology for better feel.

- **GSG6** 40’ Sets - 16g
- **GSG7** 40’ Sets - 17g
- **GSG8** 40’ Sets - 18g
- **GSGR** 720’ Reels

*16 Gauge Only
**Glide® Hybrid w/ Moto**

This hybrid combines new Glide® Cross String with Moto co-polyester main strings to provide maximum spin with greater power, feel and comfort.

**MOTO/TNT Hybrid**

Combining co-polyester mains with a TNT² processed cross string, MOTO TNT² Hybrid offers control and spin of a polyester without the harshness. The seven sided MOTO main strings provide maximum ball bite for massive spin potential while the TNT² cross strings allow for greater feel, comfort and power. The result is the perfect mix for both the hard hitting base line player.

---

**Glide® Cross String**

A revolutionary, patent pending, hybrid cross string made from a proprietary, super elastic fluorinated polymer. Glide® Cross Strings dramatically reduce the sliding friction between the strings.
RACQUETS - Game Improvement

RZR™ Bubba

The RZR Bubba combines RZR Advanced Aerodynamic technology with the industry’s largest sweet spot. The RZR Bubba provides added power and excellent maneuverability anywhere on the court.

Headsize  137 in²
Length     29”
Width      22-24-22 mm
Weight     9.6 oz / 272g (un)
           10.4 oz / 295g (s)
Balance   15” / 380 mm (un)
           15.4” / 390 mm (s)
Stiffness 65 ra
Grip       RZR™ Tac
Grip Size  L1 - L5.

RZR™ Bubba 117

Designed for comfort and maneuverability. A smaller version of the RZR Bubba, the 117 sq. inch head provides the perfect balance of power and feel without sacrificing control. At net, volleys feel stable, with very little off-center twisting. The fast feel and impressive pop make it easier to finish points.

Headsize  117 in²
Length     27.25”
Width      22-24-22 mm
Weight     8.8 oz / 250g (un)
           9.5 oz / 270g (s)
Balance   14” / 355 mm (un)
           14.4” / 365 mm (s)
Stiffness 65 ra
Grip       RZR™ Tac
Grip Size  L0 - L4.

GAMMA Care Extended Service Plan

No other major sports brand offers a more comprehensive line of professional-grade sports racquet stringing machines than GAMMA. From the fully loaded 9900 Ells to the entry-level X Series and Progression II Series of machines, there’s a GAMMA machine available to fit every need and budget.

GAMMA has been designing and engineering stringing machines for more than 25 years and every machine is built to the highest quality standards. GAMMA supports the sale of each machine with full-time, on-site service technicians, ready to answer questions and provide technical assistance whenever the need arises to minimize your downtime and keep your business operational.

The GAMMA Care Extended Service Plan is also available to provide maximum service coverage that goes beyond the standard limited warranty. GAMMACare provides service coverage for all parts, including the string clamps and electronics, for a period of 5 years from the date of purchase. Please visit our website at www.gammaSports.com or consult with your GAMMA Sports sales associate for more information.

9900 Els w/6pt SC Suspension Mount System

- Digital control panel w/LCD puts advanced stringing functions at your fingertips
- Electronically controlled, constant pull tensioning system provides precise tension control from 11.0 to 90.0 lbs (5.0 to 40.0 kgs) in 0.1 increments - 110/220 volt - Tensioner is a modular component that can be easily removed for maintenance or servicing when needed
- Auto-Start Quick Closing linear string gripper for quick tensioning
- 6pt Self-Centering Suspension Mounting System
- Universal String Clamps with teeth spacing optimized for all racquet types
- Auto-Release cam-lock swivel clamps lock securely to the turntable with a positive locking feature that releases automatically when the string clamp is lowered or with the touch of an ergonomic button built into the lever
- Foot pedal tensioner switch
- Exclusive digital string length meter
- Electric Floor Stand adjusts the working height from 39” to 49” with the touch of a switch
- Durable FRP cover with extra large tool tray provides 340 cubic inches (5568 cc) of storage
- Includes Custom Cover and Tools (Pathfinder Awl, Straight Awl, Hex Wrench Set, Pliers, Diagonal Cutting Pliers, & Starting Clamp)
- 5 Year Limited Warranty / 1 Year Electrical, String Clamps and String Gripper Components

9900 Els w/2pt SC Mounting System

9900 Els w/6pt SC Suspension Mounting System

9900 Els Digital Control Panel w/LCD

- LCD displays all adjustable settings and functions
- Tension setting by convenient +/- keys
- Pre-Stretch function with pre-stretch range from 1% to 30%
- Knot function with range from 1% to 30% for increasing the tension on the final pull before tie-off
- Lbs / Kgs conversion key
- Speed function sets pulling speed from 30% to 100%
- 9 programmable permanent memory settings
- String length measurement function

Auto-Start Gripper
Tensioner starts automatically when the string is inserted into the gripper plates.

Auto-Release Cam-Lock Clamps
Positive locking base releases automatically when the string clamp is lowered or with the touch of an ergonomic button on the lever.

Digital String Length Meter
Measures length of string right off the reels. Press the String Length key to measure in feet or meters in 0.1 increments.

Electric Floor Stand
Adjusts the working height from 39” to 49” with the touch of a switch.
8900 Els w/6pt SC Suspension Mounting System
- Digital control panel w/LCD puts advanced stringing functions at your fingertips
- Electronically controlled, constant pull tensioning system provides precise tension control from 11.0 to 90.0 lbs (5.0 to 40.0 kgs) in 0.1 increments - 110/220 volt - Tensioner is a modular component that can be easily removed for maintenance or servicing
- Quick Closing linear string gripper for quicker tensioning
- 6pt Self-Centering Suspension Mounting System
- Auto-Release cam-lock swivel clamps lock securely to the turntable with a positive locking feature that releases automatically when the string clamp is lowered or with the touch of an ergonomic button built into the lever
- Universal String Clamps with teeth spacing optimized for all racquet types
- Foot pedal tensioner switch
- Exclusive digital string length meter
- Floor Stand with ratcheting Self-Locking height adjustment provides working heights from 39” to 49”
- Strong, light-weight aluminum extrusion construction includes base with 2 integrated drawers and an extra large tool tray
- Includes Custom Cover and Tools (Pathfinder Awl, Straight Awl, Hex Wrench Set, Straight Pliers, Bent Pliers, Diagonal Cutting Pliers & Starting Clamp)
- 5 Year Limited Warranty / 1 Year Electrical, String Clamps and String Gripper Components

8900 Els w/2pt SC Mounting System

Digital String Length Meter
Measures length of string right off the reels. Press the String Length key to measure in feet or meters in 0.1 increments.

Self-Centering Adjustment
Side spindle adjustment on turntable allows for quick mounting stand adjustment.

Auto-Release Cam-Lock Clamps
Positive locking base releases automatically when the string clamp is lowered or with the touch of an ergonomic button on the lever.

Tool Drawers
Two built-in tool drawers for convenient storage of stringing tools and accessories.
Quick Action Swivel Clamps
Quick Action String Clamps incorporate a spring assisted lever bolt design for quick and reliable operation.

Digital String Length Meter
Measures length of string right off the reels. Press the String Length key to measure in feet or meters in 0.1 increments.

Self-Centering Adjustment
Side spindle adjustment on turntable allows for quick mounting stand adjustment.

Tool Drawers
Two built-in tool drawers for convenient storage of stringing tools and accessories.

7900 Els w/6pt SC Quick Mount+ Mounting System
- Digital control panel w/LED display puts advanced stringing functions at your fingertips
- Electronically controlled, constant pull tensioning system provides precise tension control from 11.0 to 90.0 lbs (5.0 to 40.0 kgs) in 0.1 increments - 110/220 volt - The tensioner is a modular component that can be easily removed for servicing or maintenance
- Quick Closing linear string gripper for quicker tensioning
- 6pt Self-Centering Quick Mount+ Mounting System
- Universal String Clamps with teeth spacing optimized for all racquet types
- Quick Action rotating swivel string clamp bases
- Foot pedal tensioner switch
- Exclusive digital string length meter
- Floor Stand with ratcheting Self-Locking height adjustment provides working heights from 39” to 49”
- Strong, light-weight aluminum extrusion construction includes base with 2 integrated drawers and an extra large tool tray
- Includes Custom Cover and Tools (Pathfinder Awl, Straight Awl, Hex Wrench Set, Straight Pliers, Bent Pliers, Diagonal Cutting Pliers & Starting Clamp)
- 5 Year Limited Warranty / 1 Year Electrical, String Clamps and String Gripper Components

7900 Els Digital Control Panel
- Tension setting by keypad or convenient +/- keys
- 9 programmable permanent memory tension settings
- Knot function increases tension on final pull before tie-off
- Lbs / Kgs conversion key
- Speed function sets speed for fast, medium or slow pulls
- Pre-Stretch function for 10% or 20% pull over tension
- Test function performs internal diagnostic check
- String length measurement function

7900 Els w/6pt SC Quick Mount+ Mounting System

7900 Els w/2pt SC Mounting System
6900 Els w/6pt SC Suspension Mounting System

- Digital control panel w/LED display puts advanced stringing functions at your fingertips

- Diamond coated, rotational string gripper
- 6pt Self-Centering Suspension Mounting System
- Universal String Clamps with teeth spacing optimized for all racquet types
- Quick Action rotating swivel string clamp bases
- Foot pedal tensioner switch
- Exclusive digital string length meter
- Floor Stand with ratcheting Self-Locking height adjustment provides working heights from 39” to 49” (can also be used on table top)
- Includes Custom Cover and Tools (Pathfinder Awl, Straight Awl, Hex Wrench Set, Straight Pliers, Bent Pliers, Diagonal Cutting Pliers & Starting Clamp)
- 5 Year Limited Warranty / 1 Year Electrical, String Clamps and String Gripper Components

6900 Els w/2pt SC Mounting System

- Quick Action Swivel Clamps incorporate a spring assisted lever bolt design for quick and reliable operation.

MG69E 6900 Els 6pt SC Suspension Mount System

MG692 6900 Els 2-Point SC Mounting System

Self-Centering Adjustment
Side spindle adjustment on turntable allows for quick mounting stand adjustment.

Rotational String Gripper
Self-locking, diamond coated, rotational string gripper offers quick and accurate one-handed tensioning.

Digital String Length Meter
Measures length of string right off the reels. Press the String Length key to measure in feet or meters in 0.1 increments.
6004 w/6pt SC Suspension Mounting System

- Manual spring tension winder (9-90 lbs / 4-41 kgs)
- Patented rotational string guide
- Diamond coated linear string gripper
- Reversible Handle
- 6pt Self-Centering Suspension Mounting System
- Universal String Clamps with teeth spacing optimized for all racquet types
- Super Quick Switch Action cam-lock swivel clamps lock securely to the turntable quickly and easily
- 360 degree turntable rotation with locking brake
- Large tool tray
- Height adjustable from 36” - 48”
- Includes Tools (Pathfinder Awl, Straight Awl, Hex Wrench Set, Straight Pliers, Bent Pliers, Diagonal Cutting Pliers, Cleaning Stone & Starting Clamp) and Custom Cover
- 5 Year Limited Warranty / 1 Year String Clamps and String Gripper Components

6 point (10 support point) mounting system provides maximum racquet support that mounts racquets quickly without special adapters.

A. Shoulder supports rotate to provide maximum support with minimal stress on frame
B. Stands move in and out to accommodate all racquets without needing special adapters
C. Mounting arms adjust with the turn of a single knob for quick secure mounting

MG63 6004 w/6pt SC Suspension Mounting System

6004 w/2pt SC Mounting System

Roller Guide
GAMMA’s patented roller guide ensures the consistency and accuracy of every pull.

Self-Centering Adjustment
Side spindle adjustment on turntable allows for quick mounting stand adjustment.

Switch Action Cam-Lock Clamps
Super light action, spring assisted release, and positive locking feature make these clamp bases among the easiest and most reliable on the market.

Universal String Clamps
State of the art clamps with smooth acting cam roller levers.

MG632 6004 2-Point SC Mounting System
5003 w/6pt SC Quick Mount + Mounting System

- Manual spring tension winder (9-90 lbs / 4-41 kgs)
- Patented rotational string guide
- Diamond coated linear string gripper
- 6pt Self-Centering Quick Mount+ Mounting System
- Universal String Clamps with teeth spacing optimized for all racquet types
- Quick Action rotating swivel string clamp bases
- 360 degree turntable rotation with locking brake
- Large tool tray
- Height adjustable from 36” to 48”
- Includes Tools (Pathfinder Awl, Straight Awl, Hex Wrench Set, Straight Pliers) - Custom Cover available separately (see page 26)
- 5 Year Limited Warranty / 1 Year String Clamps and String Gripper Components

Quick Mount Mounting System

6 point mounting system (10 support points) provides maximum racquet support to mount frames quickly and securely without special adapters.

A. Adjustable shoulder supports rotate to fit flush against the racquet surface to maximize support and minimize stress on the frame
B. Mounting arms adjust independently to secure the frame for stringing
C. Stands move in and out to accommodate all racquets without needing special adapters

5003 w/6pt Quick Mount + Mounting System

Roller Guide
GAMMA’s patented roller guide ensures the consistency and accuracy of every pull.

Self-Centering Adjustment
Side spindle adjustment on turntable allows for quick mounting stand adjustment.

Quick Action Swivel Clamps
Quick Action String Clamps incorporate a spring assisted lever bolt design for quick and reliable operation.

Universal String Clamps
State of the art clamps with smooth acting cam roller levers.
Progression II ELs

- Digital control panel for +/- tension adjustment, 9 memory settings, lbs/kgs, pulling speed, pre-stretch, knot function and internal diagnostic check
- Electronically controlled constant pull tensioner (11.0-90.0 lbs / 5.0-40.0 kgs in 0.1 increments)
- 110 / 220 volt compatible
- 6-Point Quick Mount + System
- Quick Action Swivel Clamp Bases
- Universal String Clamps with teeth spacing optimized for all racquet types
- Diamond coated, rotational string gripper
- 360 degree turntable rotation with locking brake
- Includes Tools (Pathfinder Awl, Straight Awl, Hex Wrench Set, Straight Pliers)
- Optional foot pedal tensioner switch (see page 26)
- Floor Stand & Custom Cover available separately (see page 26)
- 5 Year Limited Warranty / 1 Year Electrical, String Clamps and String Gripper Components

Progression II ST II

- Manual spring tension winder (9-90 lbs / 5-41 kgs)
- Patented Rotational String Guide
- Diamond Coated Linear String Gripper
- 6-Point Quick Mount System
- Quick Action Swivel Clamp Bases
- Universal String Clamps with teeth spacing optimized for all racquet types
- 360 degree turntable rotation with locking brake
- Base with 2 large tool trays
- Includes Tools (Pathfinder Awl, Straight Awl, Hex Wrench Set, Straight Pliers)
- Floor Stand & Custom Cover available separately (see page 26)
- 5 Year Limited Warranty / 1 Year String Clamps and String Gripper Components
Progression II 602FC
• Drop weight tensioning mechanism (9 - 90 lbs / 4 - 41 kgs)
• Diamond coated, rotational ratchet gripper
• 6-Point Quick Mount System
• Universal String Clamps with teeth spacing optimized for all racquet types
• Quick Action Swivel Clamp Bases
• 360 degree turntable rotation
• Includes Tools (Pathfinder Awl, Straight Awl, Hex Wrench Set, Straight Pliers)
• Floor Stand & Custom Cover available separately (see page 26)
• 5 Year Limited Warranty / 1 Year String Clamps and String Gripper Components

Progression II 602
• Drop weight tensioning mechanism (9 to 90 lbs / 4 to 41 kgs)
• Diamond coated, rotational ratchet gripper
• 6-Point Quick Mount System
• Two composite floating string clamps
• 360 degree turntable rotation
• Includes Tools (Pathfinder Awl, Straight Awl, Hex Wrenches, Straight Pliers)
• Floor Stand & Custom Cover available separately (see page 26)
• 5 Year Limited Warranty / 1 Year String Clamps and String Gripper Components

Progression II 200
• Drop weight tensioning mechanism (9 to 90 lbs / 4 to 41 kgs)
• Diamond coated, rotational ratchet gripper
• 2-Point Mount System
• Two composite floating string clamps
• Nickel chrome plated steel bar turntable
• 360 degree turntable rotation
• Includes Tools (Pathfinder Awl, Straight Awl, Hex Wrenches, Straight Pliers)
• Custom Cover available separately (see page 26)
• Lifetime Warranty

MP62F
MP602
MP200
X-EI

- Digital control panel for +/- tension adjustment, 9 memory settings, lbs/kg, pulling speed, pre-stretch, knot function and internal diagnostic check
- Electronically controlled constant pull tensioner (11.0 to 90.0 lbs / 5.0 to 40.0 kgs in 0.1 increments)
- 110 / 220 volt compatible
- 6-Point Quick Mount + System
- Quick Action Swivel Clamp Bases
- Universal String Clamps with teeth spacing optimized for all racquet types
- Diamond coated, rotational string gripper
- 360 degree turntable rotation with locking brake
- Strong, light-weight aluminum extrusion base with built-in tool tray and drawers
- Includes Tools (Pathfinder Awl, Straight Awl, Hex Wrench Set, Straight Pliers)
- Optional foot pedal tensioner switch (see page 26)
- Floor Stand & Custom Cover available separately (see page 26)
- 5 Year Limited Warranty / 1 Year Electrical, String Clamps and String Gripper Components

X-ST

- Manual spring tension winder (9 to 90 lbs / 5 to 41 kgs)
- Patented Rotational String Guide
- Diamond Coated Linear String Gripper
- 6-Point Quick Mount System
- Quick Action Swivel Clamp Base
- Universal String Clamps with teeth spacing optimized for all racquet types
- Strong, light-weight aluminum extrusion base with built-in tool tray and drawer
- 360 degree turntable rotation with locking brake
- Includes Tools (Pathfinder Awl, Straight Awl, Hex Wrenches, Straight Pliers)
- Floor Stand & Custom Cover available separately (see page 26)
- 5 Year Limited Warranty / 1 Year String Clamps and String Gripper Components
X-6FC
- Drop weight tensioning mechanism (9 to 90 lbs / 4 to 41 kgs)
- Diamond coated, rotational ratchet gripper
- 6-Point Quick Mount System
- Universal String Clamps with teeth spacing optimized for all racquet types
- Quick Action Swivel Clamp Bases
- Strong, light-weight aluminum extrusion base with built-in tool tray and drawer
- 360 degree turntable rotation
- Includes Tools (Pathfinder Awl, Straight Awl, Hex Wrenches, Straight Pliers)
- Floor Stand & Custom Cover available separately (see page 26)
- 5 Year Limited Warranty / 1 Year String Clamps and String Gripper Components

X-6
- Drop weight tensioning mechanism (9 to 90 lbs / 4 to 41 kgs)
- Diamond coated, rotational ratchet gripper
- 6-Point Quick Mount System
- Two composite floating clamps
- Strong, light-weight aluminum extrusion base with built-in tool tray and drawer
- 360 degree turntable rotation
- Includes Tools (Pathfinder Awl, Straight Awl, Hex Wrenches, Straight Pliers)
- Floor Stand & Custom Cover available separately (see page 26)
- 5 Year Limited Warranty / 1 Year String Clamps and String Gripper Components

X-2
- Drop weight tensioning mechanism (9 to 90 lbs / 4 to 41 kgs)
- Diamond coated, rotational ratchet gripper
- 2-Point Mount System
- Two composite floating clamps
- Strong, light-weight aluminum extrusion base with built-in tool tray and drawer
- Nickel chrome plated steel bar turntable
- 360 degree turntable rotation
- Includes Tools (Pathfinder Awl, Straight Awl, Hex Wrenches, Straight Pliers)
- Floor Stand & Custom Cover available separately (see page 26)
- Limited Lifetime Warranty
**STRINGING MACHINES - Accessories, Upgrades, & Parts**

**Machine Covers**
Protects machine while not in use.
- MGSMS: 7000Es, 6002Es, 6002, 6004, 5003, 5002ST, STI, X-ST, X-ELS, Progression ELS
- MGEMS: 8800 Es, 8500 EEs, 7500 EEs, 6500 EEs, 5800 EEs & 6900 EEs
- MPMC: Progression I & II, X-Stringers (except ST, STI, X-ST)

**Floor Stands**
Converts GAMMA tabletop stringing machines to a floor model.
- MPXFS: Progression II and X Series
- MPXF4: Progression II and X Series
- (Includes Progression 200 - Compatible with MFSC casters)

**Fixed Clamps**
Replacement fixed clamps that fit all GAMMA swivel fixed clamp bases. Sold individually.
- MMSC-13: 4 Tooth Universal String Clamp
- MDSC-13: Die Cast Aluminum Universal Fixed Clamp
- MCFCT: Thin Profile Black Composite Metal
- (Not Pictured)

**Composite Tennis Floating Clamp**
Sold individually. Red/Black or Blue/Black.
- MPFC

**Foot Pedal Tension Switch Upgrade**
For use on Progression Els and X-Els machines.
- MMP11-16

**Floor Stand Caster**
Turns a GAMMA Stringing Machine into a mobile stringing station. Features a secure wheel brake. Sold individually.
- MFSC

**Cleaning Stone**
Cleaning stone for String Clamps and Grippers. Sold individually.
- MPS

**Rotational String Gripper**
Diamond Coated for consistent and durable gripping. Sold individually.
- MRSGD: Die Cast (Polished finish)
- MRSSG: Composite (Specify black, red or blue)

**Badminton Mounting System Upgrade**
Unique “clamp down” mounting system specifically designed for badminton racquets. Call for details and machine compatibility.
- MBMSS-10: For late model Suspension Mount Systems w/ removable “V” mount supports
- MBMSS-11: For Quick Mount systems

**Badminton Shoulder Adaptor Covers**
Specify “L” or “V” shape to match the mounting system shoulder supports
- MBMSP

**Badminton Mounting System Head Supports**
Engineered for badminton stringing.
- MBFS-10: Late model Suspension Mount w/ “L” Supports
- MBFS-11: Quick Mount w/ “L” Supports
- MBFS-12: Early model Suspension Mount w/ “L” Supports
- MBFS-13: Late model Suspension Mount w/ “V” Supports
- MBFS-14: Quick Mount w/ “V” Supports
- MBFS-15: Early model Suspension Mount w/ “V” Supports

**Badminton Floating Clamp**
Sold individually. Red/Black.
- MBFC

**Mounting System Protect Pads**
Replacement pads for frame supports side arms
- MMSPP: Items 10-12 - Set for “L” mounts (Specify black, red or blue)
- MMSPP: Item 13 for “V” mounts (Set of 8)

**Floor Stands**
Installed on 6-point Suspension Mount System

**Badminton Frame Support Pads**
Replacement pads for MBFS Badminton Frame Supports.
- MBFSP

**Frame Support Protect Pads**
Replacement pads for head and throat supports.
- MFSP: Items 10-12 - Set for Quick Mount and early model Suspension Mount
- MFSP: Item 13 - Set for Quick Mount+ and late model Suspension Mount

**NOTE:** Fits floor stands w/cast legs on GAMMA upright machines and MPXFS only. Excludes 4000, 6000, 8000 and 8800 models with floor plate stand.
STRINGING MACHINES - Tools & Accessories

**ERT 300 Tenniscomputer**
Displays current string bed stiffness (dynamic tension). Alerts when to restring. Provides highly precise measurement by simulating ball impact. Use with any racquet and string type. Pocket sized, cordless, easy to use.

**GAMMA Racquet Balance Beam**
Extra wide beam accommodates all racquet types including super oversize racquets.

**Tension Calibrator**
Spring tension calibrator for checking machine accuracy.

**Pathfinder Awl**
Handy tool for guiding string through shared holes.

**String Tension Tester**
Measures relative tension loss over time, letting you know when it is time to restring. Easy to operate with one hand. Large scale is easy to read to provide greater accuracy.

**Straight Awl**
Simple straight point awl.

**Grommet Tubing**
For temporary grommet repair.

**Starting Clamp**
Spring action grippers can be used as an extra starting clamp or for applying tension to short strings.

**Starter Tool Kit**
Includes high-quality Cutter, Bent Nose Plier and Straight Plier in a carry case.

**Precision Cutter and Pliers**
GAMMA offers a complete line of quality Xuron tools, the preferred cutters and pliers of professional racquet stringers.

A. MXMSC Oval Head Micro Shear Cutter
B. MXKMS Kevlar® / Fiber Micro Shear Cutter
C. MXETC Extra Tapered Head Micro Shear Cutter
D. MXAHC Angled Head Micro Shear Cutter
E. MXAPC All Purpose Flush Cutter
F. MXHDC Heavy Duty Long Handle Cutter
G. MXLNPC Long Nose Plier
H. MXBNPC Bent Nose Plier
I. MXTNPC Tweezer Nose Plier
J. MXEHC Ergonomic Handle Micro Shear Cutter; Right Hand (SKU 10), Left Hand (SKU 11)
Hi-Tech™
Our best selling replacement grip! Extremely tacky and firm. Provides high traction feel for maximum feedback and control. Black, White.
AHTG

Hi-Tech™ Perf
Extremely tacky and firm with a perforated surface to increase moisture absorption for a non-slip grip. Black.
AHTR

Hi-Tech™ Contour
Tacky and firm with high moisture absorption and stitched rib contours for increased traction. Black.
AHTC

Hi-Tech™ Gel™
Tacky and cushioned. Shock absorbing Zorbicon Gel provides exceptional comfort and control. Black w/White Gel.
AHTGL

Hi-Tech™ Gel™ Contour
Features a tacky surface and tall ridges of shock absorbing Zorbicon® Gel for exceptional comfort and control. Black w/Blue Gel.
AHGLG

SuperSoft™
SuperSoft dry traction cushed surface provides a comfortable and secure grip without a tacky feel. Micro Pores wick moisture for lasting traction. Black.
AGSRG

RZR™ Tac
Thin tacky grip providing excellent handle feel and feedback. Proprietary Tac PU quickly wicks moisture and provides a secure grip. Black.
ARZTG

RZR™ Dri
Thin dry traction grip providing excellent handle control even in hot weather. Proprietary Dri PU quickly wicks moisture and provides a dry non-slip grip. Black.
ARZDG

Leather
Made to exact standards using natural cowhide. This grip is moderately tacky, extremely firm, and durable for optimum performance and feedback. Tan.
AGLG
Pro Lite™
A thin lightweight construction improves feel while the perforated surface increases moisture absorption. Black.
AGPLG

Pro Rx™
Tacky and cushioned with comfort foam backing for an anti-fatigue shock-absorbing barrier between hand and racquet. Black w/Black.
AGPRX

Pro Control™
A tacky surface and aggressive tread pattern offer maximum control and reduced racquet twist for hard hitters and players seeking more traction. Black.
AGPCG

Ultra Cushion Contour
Cushioned with stitched ribs to increase feedback and control. Perforations increase moisture absorption for increased traction. Black.
AHTNC

Ultra Cushion Textured
Tacky and cushioned with perforations and a tread pattern to increase moisture absorption and grip control. Black.
AHTN

Grip Finishing Tape
Vinyl tape for securing end of grip. Black.
AGFT 1-Roll (1/2" x 36 yards)

Tacky Towel
Bee’s wax permeated cloth increases traction. Evaporates without residue. Approved by USTA for hands & grip.
ATT 1-Pack (9" x 18")

Rosin Bag
Contains 1 oz rosin powder. Keeps hands and grip dry.
AGR 1-Pack (2.25" x 3.5")
**GRIPS - Overgrips**

**Supreme™**
Our best selling overgrip, both tacky and absorbent. Durable for hours of play. Fits extra long racquets.
- AGS0 3-Pack (Black, Blue, Gray, White, Orange, Pink)
- AGS0B 15-piece Tour Pack (White)
- AGS03 30-piece Pro Pack (White)
- AGS0D 60-piece Display Jar (Assorted, White)
- AGS0E 60-piece Jar Refill

**Supreme™ Power**
Supreme surface with soft foam Power Ridges™ to provide more gripping power and control on every shot.
- AGS0P 1-Pack (Black, White)

**Neon Tac**
High traction overgrip featuring a proprietary Hi-Tac PU that quickly wicks moisture to provide a secure grip.
- AGNOT 3-Pack, Assorted (Pink, Orange, Yellow)

**Neon Dri**
Thin dry traction overgrip featuring a proprietary Dri PU that quickly wicks moisture and provides a dry non-slip grip.
- AGND 3-Pack, Assorted (Pink, Orange, Yellow)

**RZR™ Tac**
This extra tacky overgrip features a proprietary PU polymer that wicks away moisture for a secure grip on every shot.
- ARZTO 3-Pack (Black, White)
- ARZT3 30-piece Pro Pack (Black, White)

**RZR™ React**
React Micro-Textured surface grips your hand for more control. Stretches thin for minimal buildup.
- ARZRR 3-Pack (Black, White)

**Grip 2™**
Ultra thin, tacky surface for maximum traction, feel and greater control.
- AGG2 3-Pack (Black)

**Pro Wrap™**
Soft absorbent surface removes moisture for a confident no slip feel, without sacrificing durability.
- AGTW 3-Pack (Blue)
- AGTWB 15-piece Tour Pack (Blue)
- AGTW3 30-piece Pro Pack (Blue)
Performance and fashion come together in GAMMA’s stylish tennis overgrips:
Extend fashion to your forehand while crushing your competitor. GAMMA’s proprietary high tac polymer surface combines traction with moisture absorption for a non-slip grip.
Available in a variety of on trend styles.

Shockbuster®
The original "worm" shaped vibration dampener dampens out vibration with a patented Zorbicon® filled design. Now features no-leak Zorbicon®. Blue, Yellow, Purple, Pink, Black, White, Red.

Shockbuster® II
Features twice the Zorbicon® for maximum dampening. Contacts the main strings and dampens out vibration with a patented Zorbicon® filled design. Red/Black, Blue/Black, Yellow/Black, White/Black, Orange/Black, Green/Black.

Red Eye®
Design features a ball bearing that reverberates inside to absorb a broader range of vibration.

String Things
Add a little character to your racquet with a fun vibration dampener that reduces the risk of tennis elbow. 6 varieties.

Zoo Damps
Zoo Damps are wild animal vibration dampeners straight from the zoo that reduce the risk of tennis elbow.
Ball Hopper® Hi-Rise™ 75
Our #1 selling Hi-Rise 75 pickup basket is the perfect size and capacity for players, parents and teaching pros. Features convenient locking handles for easy pickup that flip over to stand basket at fingertip height. Attached lid prevents spilling. Holds up to 75 balls. Silver, Neon Orange and new Blue colors.

Ball Hopper® Risette™ 50
The Risette 50 features convenient handles that make pick-up easy and flip over to stand basket at fingertip height. Attached lid prevents spilling. Holds up to 50 balls. Silver color.

Ball Hopper® Hi-Rise™ Plus 80
The Hi-Rise Plus 80 ball pickup converts pickup to feeding balls in seconds. Comes disassembled in an attractive 4-color pro shop box that minimizes storage space and is convenient for shipping. Holds up to 80 balls. Silver color.

Ball Hopper® Risette™ Plus 55
The Risette Plus 55 convertible basket goes from pick-up to feeding balls in seconds. Comes disassembled in an attractive 4-color pro shop box that minimizes storage space and is convenient for shipping. Holds up to 55 balls. Silver color.

6 Industry Standard Features on the One and Only Ball Hopper®

Leg Locks
Hold legs/handles in place when convertible basket is in standing position.

Handle Locks
Hold legs/handles in place when convertible basket is in pick-up position.
Ball Hopper® Hi-Rise™ Gold™ 75
The Hi-Rise Gold 75 is a professional grade standing ball pick-up designed for maximum durability. The new & improved ball locks are easy to engage and stabilize the legs when standing. The unique hexagonal shape with “floating” pick-up wires make for easy ball pick-up. Holds up to 75 balls. Gold color.

Ball Hopper® Pro™ 90
The New Pro 90 is a re-engineered version of the Pro 80 that nests together to ship in a more compact space to save shipping costs while providing greater ball capacity. Includes a padded handle that adjusts from 28” to 31". Holds up to 90 balls. Graphite color.

Ball Hopper® Pro Plus™ 110
The Pro Plus 110 features heavy duty construction, reinforced weld design, Diamond Clad weather resistant powder coating and unique wear bumpers. Convenient handles make pick-up easy and flip over to stand the basket at fingertip height. Holds up to 110 balls. Silver color.

Ball Hopper® Whopper™ 140
The Whopper 140 features heavy duty construction, reinforced weld design, Diamond Clad weather resistant powder coating and unique wear bumpers. Convenient handles make pick-up easy and flip over to stand the basket at fingertip height. Holds up to 140 balls. Silver color.

Ball Hopper® EZ-Go™ Wheels
EZ-Go Wheels fit the Ballhopper Hi-Rise, Risette, Pro Plus, Pro and Whopper baskets. A unique two-piece design that fits over the bottom wire of Ball hopper baskets. Baskets roll effortlessly over the court preventing basket wear and damage to your courts.

BHWHL 2-Pack
Ball Hopper® Brute™ 325

The New Brute 325 features new ball bearing axle, swivel casters with non-marking TPR rubber treads. The new Graphite powder coating on the basket, legs and tray matches the Ball Hopper Pro 90 for the ultimate cart / pick-up combination. Features a lockable lid with rattle suppression bumpers, a padded handle, a convenient tray for storage and 2 locking casters. Holds up to 325 balls.

Ball Hopper® Ball Tube™ 18

Lightweight tube with end caps that pick up, hold and dispense balls quickly and easily. Can be hooked to a fence when not in use. Holds 18 balls. Available in Red and Clear.

Ball Hopper® EZ Travel Cart™ Pro 250 Bag

Additional bag for EZ Travel Cart Pro 250 allows for non-stop ball feeding. Simply lift out of the EZ Travel Cart Pro 250 frame when empty and replace with a full bag. The heavy duty metal snaps quickly and easily secure the bag to the corners of the cart. Holds up to 250 balls.

Exclusive Cross Brace Bag Support

The EZ Travel Cart Pro’s exclusive Cross Brace Bag Support keeps the bag from sagging down when full and hinges up allowing the frame to instantly fold flat for transport. The Cross Brace Support also extends the life of the cart, bag and basket. No other tennis cart offers this feature.

Ball Hopper® EZ Travel Cart™ Pro 250

The EZ Travel Cart Pro 250 is the ultimate in portable professional teaching carts designed for the Teaching Pro or Coach who travels from site-to-site. The extra large 250 ball capacity maximizes practice time and includes a heavy duty bag that is secured to the corners of the frame with metal snaps and lifts out for travel. The cart includes heavy duty 4 inch casters with non-marking TPR rubber treads that folds up in seconds, a convenient strap handle to pull the cart and a carrying case. Holds up to 250 balls.
The EZ Basket handle features push button release for easy transport and storage and can be hung from the side of the EZ Travel Cart while feeding balls.

The EZ Travel Cart 150 + EZ Basket 150 combo comes with the EZ Travel Cart 150, EZ Travel Cart Ball Bag, carrying case and the EZ Basket 150 ball pickup basket.

The EZ Basket 150 picks up balls then instantly feeds from the EZ Travel Cart. No other tennis pickup or cart offers this benefit. Sturdy steel powder coated wire inner frame and durable nylon bag make this one of the lightest and easiest to maneuver baskets on the market. Holds up to 150 balls.

Additional bag for EZ Travel Cart 150 allows for non-stop ball feeding. Simply lift out of the EZ Travel Cart when empty and replace with a full bag. The new and improved metal snaps are more durable and quickly and easily secure the bag to the corners of the cart. Holds up to 150 balls.
| BALLS - 10 & Under Tennis |

**Revolution Foam**  
USTA Approved for 10 & Under Tennis. For ages 8 and under on a 36' court. 25% slower speed than a standard ball. Soft foam makes learning safer for children. Ideal warm up ball for adult players. USTA / ITF Stage 3 specification.
